Important Notification for Travellers to India: Ban on Import or Use of Satellite Phones in India

It has been noticed that some foreigners are carrying satellite phones with them while traveling to India. As per existing guidelines of the Government of India, **carrying satellite phones** by foreigners (regardless of type of passport he/she is holding) **into India is banned.**

2. All foreign visitors to India are advised not to take these phones with them to India. Failure to do so will result in seizure of these phones by the authorities in India and the passenger can be penalized under the relevant sections of Indian telegraph act.
